SUSTAINABILITY

SUSTAINABILITY AT BRENNAN'S

Brennan's motto is "Local, Sustainable & Organic!" Our menus are built on those core principals, changing it each semester reflects seasonal availability and our commitment to our partners.

REAL FOOD CHALLENGE

In 2012, UVM signed the Real Food Campus Commitment, committing to purchasing 20% "Real Food" by 2020. "Real Food" is defined as food that is either local, humane, fair trade or ecologically sound. ALL of Brennan's menu items include Real Food ingredients. Check out our product wall to learn more about our local and sustainable providers!

NEW ENGLAND BEEF

All of our beef comes from Black River Meats, who sources from Vermont and New England. Roughly 2/3 of the beef served at Brennan's comes from Cassville, New York, which is 200 miles from UVM.

MURRAY'S CHICKEN

All of our chicken is from Murray's it is Certified Humane and Hallal.

PRODUCE

The sourcing of our produce changes with the seasons. Whether it's coming from Black River Produce, Intervale Food Hub, or UVM's own Catamount Farm you can be sure that with it says local, it is from less than 250 miles from campus.

WHY NOR'EASTER POTATOES?

Since potatoes aren't always available year-round in Vermont, we source as far North as Prince Edward Island and as far South as Massachusetts but you won't be finding any Idaho potatoes at Brennan's!

MURRAY'S CHICKEN

All of our chicken is from Murray's it is certified humane and Hallal.

ECO-WARE & SPORKS

Reduce waste by using an Eco-Ware reusable take-out container and Spork instead of disposable alternatives. To learn more ask your cashier today!
